

Do you know which weapons are in your country?

SALW Guide

Identify the weapon. Input data. Increase global knowledge.

There are hundreds of millions of small arms and light weapons (SALW) around the globe. Without proper control, each one poses a threat to peace and security, starting at home.

Do your part to control SALW!

Identify the weapon you see, input it into the guide, and help build global knowledge of SALW and their whereabouts.
